

ON MY SIDE

WORDS AND MUSIC BY JOHN FINCH AND
MCKENDREE A TUCKER IV

You spoke vict'ry, not defeat
Your spirit a fortress, over me
I'll fear no evil for You're at my side
I'll sing this truth over my life

I know that You are always, always
on my side, on my side
I know that You are always, always
on my side, on my side
You go before me, You stand behind me, Your
love casts out fear
I know that You are always, always
on my side, on my side

I lift my eyes, You're where my help comes from
You're never gonna fail me, never let me down
I can finally see now that You're all I'll ever need
My confidence is in You, Lord, my everything

You hold the victory
Now death is defeated
The power of hell will not prevail

Your love surrounds me
So I won't be shaken
Your light is breaking through the darkness
